To become a new actor in the Swedish electricity market

Choose actor type/actor types below where you also can find more information about the actor types. If you wish to be multiple actor types, please make a separate request for each actor type. Please enter the mandatory information needed at the end of this form.
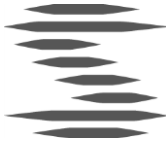

☐ Retailer (RE), also known as "leverantör" in the "Edielportalen"

☐ Distribution System Operator (DSO), also known as "nätbolag" in the "Edielportalen"

☐ Balance Responsible Party (BRP)

☐ Energy Service Company

☐ Trader

☐ Service Provider (SP)

Upcoming role

☐ Balance Service Provider (BSP)

Information on different actor types

All the actor types below must have a signed Ediel agreement with Svenska Kraftnät. Actors requesting to become BRP, BSP or Trader must also sign a balance responsible agreement with Svenska Kraftnät. In further addition, these three actor types also need to sign an Imbalance Settlement agreement with eSett.
